

June: WEEK FOUR

A TIME FOR REFLECTION

THE AGENDA:

Discussion: What makes an effective team? How have the two of us been an effective team this school year? What have we taught each other and how have we benefited from the other's company? What was your favorite activity we did? What are some special memories you have of our visits? Do you think you would consider being an In-School Mentor when you grow up?

- ◇ Choose your favorite activities you have discovered over the past year and spend today going wild!
- ◇ Write each other a letter explaining how much working together has meant to you. Decide whether to read the letters now or take them home to read in private.
